Consultations by appointment only

WHEN approaching the charming Old Church in Shevington Moor the last thing you would expect would be the door to open upon a delightful Veterinary practice.

Lester Pet Care Clinic offers pet care with a significant difference. Not only is the atmosphere a far cry from the clinical atmosphere you would expect in a vets but the practice also offers natural therapies alongside conventional treatment.

After 12 months of meticulous planning to fulfil the dream of owning their own practice, Steve and Liesbet Lester bought and converted the Old Church in Shevington Moor. The conversion process began with enthusiasm in February 2007 and work was completed at the end of March, when the practice could finally open its doors to the public, using modern on-site equipment and facilities to allow rapid diagnosis and treatment of your pets.

Liesbet Lester has worked in the three main veterinary practices in Wigan over a period of 17 years and has now achieved the dream of owning her own practice with husband Steve. The Lester's have created the perfect premises to fit all their criteria. With spacious interiors, residential quarters, and a peaceful, charming atmosphere, the place feels like home for animals and their owners alike. The couple even live above the practice so Liesbet is there 24 hours for all patients spending the night!

Lucky clients of Lester Pet Care can also choose complimentary therapies for their animals, and clients have already been arriving from all over the area, including from Warrington, who feel Acupuncture, Homeopathy, and Reiki will be beneficial for their pets.

The practice's veterinary nurse Anne has been qualified for 7 years and has extra qualifications in exotics and small furries so she can be on hand to give free consultations for all small and furry critters! This friendly and welcoming attitude can be found in every room at Lester Pet Care and the staff would like to extend the warm welcome to anyone who would like to call in for advice or a chat about their furry friends. Please call Steve, Liesbet or Anne for any more information on 01257 427167.
